## COMMUNITY ASSISTANCE PROGRAMS FOR FIRE MANAGEMENT AND PROTECTION IN COLORADO UPDATED NOVEMBER 2010

PROGRAM	ELIGIBLE LAND	SIGN-UP PERIOD	ANNUAL PAYMENT	EASEMENT	COST SHARE	CONTACT	POTENTIAL PRACTICES SUPPORTED
Emergency Supplemental Funds (ESF)	Non-industrial private forestland west of Interstate 25	Continuous	No	No	Yes (up to \$470 per acre)	Colorado State Forest Service district offices, which manage counties west of Interstate 25 <a href="http://www.csfs.colostate.edu">http://www.csfs.colostate.edu</a>	Forest stand improvement and hazardous fuels reduction (no prescribed fire)
Wildland-urban Interface Competitive Grants (SFA <sup>1</sup> – NFP <sup>2</sup> )	Non-federal lands	Ongoing, based on funding approval (projects with an approved CWPP <sup>3</sup> receive priority)	No	No	50%	Colorado State Forest Service district offices <a href="http://www.csfs.colostate.edu">http://www.csfs.colostate.edu</a>	Forest stand improvement for hazardous fuels reduction, including defensible space, thinning, slash disposal, fuelbreaks, assessments, planning, monitoring and prescribed fire
Volunteer Fire Assistance (VFA <sup>4</sup> )	Fire departments that serve populations of 10,000 or less	Based on funding approval	No	No	50%	Colorado State Forest Service district offices <a href="http://www.csfs.colostate.edu">http://www.csfs.colostate.edu</a>	Training and equipment
Community Forest Watershed Restoration Grants	All forestlands	Based on funding approval (requires an approved CWPP)	No	No	State will match up to 60% of cost	Colorado State Forest Service district offices <a href="http://www.csfs.colostate.edu">http://www.csfs.colostate.edu</a>	Watershed protection, forest restoration and fuels mitigation
Income Tax Deduction for Wildfire Mitigation	Private forestlands	Through tax year 2013	Deduct up to \$2,500 of actual mitigation costs on income tax	No	No	Colorado Department of Revenue <a href="http://www.taxcolorado.com">http://www.taxcolorado.com</a>	Hazardous fuels reduction around structures, including defensible space, fuelbreaks, thinning of woody vegetation, secondary treatment by lopping and scattering, piling chipping, slash removal and prescribed burning

(See acronym key for Community Assistance Programs on next page)

---

<sup>1</sup> SFA (State Fire Assistance) grants are provided to state forestry organizations to maintain and improve protection efficiency and effectiveness on non-federal lands; funds are provided under authority of the Cooperative Forestry Assistance Act and the National Fire Plan.

<sup>2</sup> NFP (National Fire Plan) was developed in August 2000, following a landmark wildland fire season, and addresses five key points: firefighting, rehabilitation, hazardous fuels reduction, community assistance and accountability. NFP uses the authorities of the Cooperative Forestry Assistance Act.

<sup>3</sup> CWPP (Community Wildfire Protection Plans) are authorized and defined in Title I of the Healthy Forests Restoration Act (HFRA) passed by Congress on Nov. 21, 2003, and signed into law by President Bush on Dec. 3, 2003. The Healthy Forests Restoration Act places renewed emphasis on community planning by extending a variety of benefits to communities with a wildfire protection plan in place. Funding comes through the SFA/NFP. Senate Bill 09-001, Community Wildfire Protection Plans, was initiated on Aug. 4, 2009 and updates the CWPP criteria. The bill states that counties, with the assistance of the state forester, must identify fire hazard areas in unincorporated portion of the county by January 1, 2011.

<sup>4</sup> VFA (Volunteer Fire Assistance) grants are provided to state forestry organizations to improve rural fire protection; the principal target is local departments that serve communities with populations of 10,000 or less.
