- D. PROPOSED REVISIONS TO THE *MANUAL*, CODE, SECTION C.2.2 - PROCEDURES FOR PROGRAMMATIC AND ORGANIZATIONAL CHANGE - COMMITTEE ON FACULTY GOVERNANCE

Mr. David Mogen, Chair, Committee on Faculty Governance, MOVED THAT FACULTY COUNCIL ADOPTS REVISIONS TO THE *MANUAL* CODE, SECTION C.2.2 PROCEDURES FOR PROGRAMMATIC AND ORGANIZATIONAL CHANGE, TO BE EFFECTIVE UPON STATE BOARD OF AGRICULTURE APPROVAL, AS FOLLOWS:

Additions - Underlined                      Deletions - ~~Overscored~~

#### **C.2.2 Procedures for Programmatic and Organizational Change**

The creation of new programs, departments, and colleges; the change of college affiliation of programs and departments; and the change of name, dissolution, division, or merger of existing programs, departments and colleges shall follow the following procedures:

- a. Any faculty member, department, college, Faculty Council standing committee, or other University related unit may initiate a programmatic or organizational change.
- b. Proposed changes shall be considered by the academic faculty of the affected ~~appropriate~~ department(s) and college(s) with student input.
- c. Any proposal for a new degree program must first be listed in the University Academic Planning Report. Subsequently, a concept paper must be developed and submitted through the Provost/Academic Vice President to the Colorado Commission on Higher Education (CCHE) before the proposal can be considered by the appropriate committees. The concept paper will be reviewed by the CCHE to determine if there are any statewide concerns. If such concerns arise the CCHE will communicate those concerns to the State Board of Agriculture.
- d. When a division or merger of departments, or a change in college affiliation, is proposed, the academic faculty in each affected department shall submit a recommendation for consideration by the Deans of the college(s) and the appropriate Faculty Council committees. All departments involved in the change

shall determine by a secret ballot whether the academic faculty support the proposed changes.

- e.g. Following recommendations by the appropriate department(s) and college(s), and recommendations by the Committee on Scholarship, Research and Graduate Education, if appropriate, proposed changes shall be considered by the University Curriculum Committee
- d.f. Following recommendations by the University Curriculum Committee, and concurrence by the Committee on Faculty Governance and the Committee on Strategic and Financial Planning, if appropriate, proposed changes shall be reported by the Executive Committee to the Faculty Council for consideration.
- e.g. Following approval by Faculty Council, proposed changes shall be reported through the Provost/Academic Vice President and the President to the State Board of Agriculture.

Mr. Mogen explained that the proposed new Section C.2.2.c clarifies that according to state statute C.R.S. 23-1-107(1) “the Colorado Commission on Higher Education (CCHE) shall review and approve the proposal for any new degree program before its establishment in any institution.” The CCHE, as part of this review, requires a brief concept paper to be submitted to the CCHE, after passing a review process that qualifies the potential degree/program to be listed in the institution’s Academic Planning Report. After CCHE reviews the concept paper, the proposal will be reviewed by college and university curriculum committees and (for graduate programs) the graduate school council, and must be favorably acted on by the Faculty Council. The proposal is then sent to the State Board of Agriculture for action.

Mr. Mogen explained that Section C.2.2.d was added because the Code currently does not contain provisions specifically involving departmental mergers, divisions or changes in affiliation. This proposed change ensures that opinions of academic faculty in the affected departments are on record.

Mr. John Rash noted that the proposal section C.2.2.d does not specify who can and cannot vote. Mr. Mogen responded that procedures of the Code need to be established by the department and not in the Code. Mr. Richard Eykholt raised several questions regarding C.2.2.c and was concerned that the proposal for a new degree program must be first listed in the University Academic Planning Report and a concept paper must be submitted to the CCHE through the Provost before any Faculty Council committees can consider the degree program. He noted that if the deadline for the academic planning report was missed a department would have to wait a whole year before it could submit a proposal for a new degree program. Also, the Provost would be the only safeguard from preventing a frivolous proposal from going forward. Mr. Mogen responded that Section C.2.2.c was added to the Code so the CCHE regulations regarding new degree programs were in the Code because there is no reference to the concept papers in the Code and departments questioned why the Code made no reference to this issue. He also noted that this proposal is not instructing what the CCHE must do, but outlines what the CCHE is charged to do by state statute.

Mr. Tucker confirmed that CCHE prescribes how new degree programs are created and, explained the procedure. Before the CCHE will accept a concept paper, the proposed new degree program must be listed in the institution’s annual Academic Planning Report, which is submitted to the State Board of Agriculture (SBA) for approval at its November/December meeting. The concept paper may then be

developed, and should be approved by the dean and the Provost, who have the responsibility of assuring that funding sources for the new degree program are identified. The concept paper is then sent to the CCHE. If CCHE approves the concept paper then the institution decides whether or not to proceed to develop the new degree program. The proposal at that time goes through the institutional channels (dean, curriculum committees, graduate school, if necessary, and the Provost). Then it proceeds to Faculty Council, the SBA and the CCHE for approval. Currently CCHE acts on new degree programs only in January and June.

Mr. Eykholt MOVED TO REFER THIS MATTER BACK TO THE COMMITTEE ON FACULTY GOVERNANCE FOR CLARIFICATION.

Mr. F. C. "Ted" Weston asked if General Counsel had reviewed this proposal. Mr. Mogen replied that proposal had been reviewed by General Counsel before placement on the Faculty Council agenda.

MR. EYKHOLT'S MOTION WAS ADOPTED.

#### CURRENT ISSUES TOPIC

- E. Mr. Michael McCulloch, Assistant Professor, Philosophy and Ms. Laurie Hayes, Vice Provost Undergraduate Studies - Undergraduate College

Ms. Charlton introduced Mr. Michael McCulloch, Assistant Professor, Philosophy and Ms. Laurie Hayes, Vice Provost Undergraduate Studies. Mr. McCulloch distributed a handout outlining the concept of an undergraduate college. Mr. McCulloch's handout is attached to the September 4, 2001 Faculty Council meeting minutes as an addendum.

Ms. Laurie Hayes noted that in some large research universities a move to change the structure of the undergraduate system has been tried. However, they have found that faculty do not want to be involved. Mr. Dana Hoag pointed out that the system at Colorado State University does have problems but noted that overall it is a system that allows the University to function well. Mr. McCulloch responded that faculty representatives from each department should be involved and an undergraduate college would be more efficient. Mr. Eykholt stated that the department structure is better than the undergraduate college. Mr. McCulloch noted that an undergraduate college should look at specifics of first year courses, advising, etc. Mr. Jerry Eckert stated he did not see the need for an undergraduate college. Mr. McCulloch explained that the undergraduate college would be more flexible.

Mr. McCulloch explained that he would like to make a motion to have the Executive Committee of Faculty Council consider this proposal and come back to the Faculty Council with a recommendation. Ms. Charlton noted that a quorum was not present. She did note that Mr. McCulloch could send a proposal to the Faculty Council office for further discussion.

Mr. John Rash MOVED TO ADJOURN.

THE MEETING WAS ADJOURNED AT 6:15 P.M.
